

WELCOME TO PORT ALLEGANY PHARMACY!

Thank you so much for choosing Port Allegany Pharmacy to be your family pharmacy. We are Kelly and Scott Newton, and we've had the privilege of owning Port Pharmacy since 2011. Maintaining Port Pharmacy as an independent pharmacy was very important to us. We understand how vital it is to smaller communities to keep as much business local and independent.

We strive to go above and beyond—to do our best for our community, patients, and staff, because you are the reason Port Pharmacy is still in this community after more than 75 years. We want you to feel that you have a voice in your health. We value you and will do our very best to help you feel healthy and happy. We stand by our mission and vision statement, and if we aren't meeting it, we want you to let us know.

Our vision at Port Pharmacy is:

To build an environment...

Where customers, employees, and owners alike are drawn to the business because their desires and needs are heard;

Where one leaves feeling physically and emotionally stronger;

Where one returns not because they have to, but because they want to;

Where one's expectations will be met and exceeded time after time.

We are here for YOU. Meeting YOUR needs is our first priority.

Included in this packet is information regarding our free delivery, free kids' vitamin program, immunizations, and our most popular program called Sync Rx.
